Planning Procedures

A contract will be sent to you once your date is determined and you have seen the facility. To secure your date, return the signed contract with a 50% deposit.

Approximately one month prior to the wedding date, the wedding coordinator will schedule a meeting with you to plan the details. After this meeting, a banquet event order-which explains the food and beverage in detail-and diagram will be mailed to you for your review.

A final meeting can be scheduled the week of your wedding to review the event in detail. At this time, you may leave any items such as personalized cake knife, toasting flutes, napkins, place cards, etc., in our care for placement at the reception. The final guarantee of guests will also be required, and a final cost estimate of the reception will be calculated.
